Adaptability
Time Management

PROFILE SUMMARY

A results-oriented Full Stack Web Developer with 4 years of hands-on experience in designing and developing scalable web applications using the MERN stack. Proficient in React.js, Node.js, Express, and MongoDB, with expertise in Redux, REST APIs, and Agile methodologies. Demonstrated success in delivering secure, high-performance solutions with excellent problem-solving, analytical, and team collaboration skills.

WORK EXPERIENCE

SEASIA INFOTECH, MOHALI

SOFTWARE CONSULTANT (MERN) APR 2023 - Present

- Designed and implemented responsive user interfaces using React.js and Redux with backend in Node.js.
- Authored unit tests using Jest, achieving 90% test coverage.
- Delivered high-quality software in Agile development cycles.

OUTSTRIP INFOTECH, JAIPUR

FULL STACK DEVELOPER (MERN) JAN 2021 - MAR 2023

- Built full-stack applications with seamless React.js and Node.js integration.
- Collaborated with teams to deliver projects on time, ensuring quality through testing and debugging.
- Developed responsive, reusable React.js components for improved user experience.

PROJECTS

GREENSIGHT (Scope23)

Developed GreenSight, a platform designed to optimize supply chain emissions and lane planning through precise decarbonization recommendations using a Decarbonization Decision Engine.

- Key Features:** Admin Portal, Carrier Portal, Shipper Portal, Maps, Charts, Dashboard.
- Tech Stack:** React.js, TypeScript, Redux, Google Maps API, HighChart.

KNOWLEDGER (LMS)

Built a Learning Management System (LMS) to streamline course creation, progress tracking, and assessments while providing a user-friendly interface to enhance e-learning experiences.

- Features** - Courseware Development, Progress Tracking, Assessment Tools, Performance Monitoring.
- Tech Stack** - React.js, JavaScript, REST APIs, Redux.

Vesimi

Developed a mobile-first, responsive eCommerce platform with dynamic search, advanced filtering, and personalized user authentication for a seamless shopping experience across all devices

- Features** - Reusable React components, Integrated Redux and REST APIs, Application Testing and Debugging.
- Tech Stack** - React.js, Redux, REST APIs, JavaScript.
